DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 7-10 and 13-22 directed to an invention non-elected with traverse in the reply filed on January 4, 2007. These claims are cancelled as noted below in the Examiner's Amendment section. Previously withdrawn claims 5 and 6 are hereby rejoined and also allowed, as they are dependent upon allowable independent claims as noted below.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ronald Rudder on July 20, 2007.

The application has been amended as follows:

Cancel claims 7-10 and 13-22

Allowable Subject Matter

Claims 1-6 and 11 are allowed.

The following is an examiner's statement of reasons for allowance.

Claims 1, 3 and 11 were noted as allowable in the previous office action, mailed on April 3, 2007. Claim 5 is rejoined and also allowed as it depends upon claim 1.

Regarding claim 2, the prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding a film forming method utilizing a silicon compound gas, an oxidizing gas and hydrogen gas, wherein the partial pressure of the hydrogen gas (Ph) with respect to the total pressure is $0\% < Ph < 3\%$. Claims 4 and 6 are also allowed as they depend upon claim 2, with claim 6 being rejoined and allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
